BM (CRAMMING PATTERN)

INTRODUCTION

1 Daily 03 questions cramming is enough to cover the past papers in 3 months. Give due importance to what subject deserve.
2 This cramming pattern is applicable for regular study students.
3 This cramming pattern will not apply on those students who do exam preparation in exam leaves.
4 Always remember that there is no shorcut to any place worth going.
5 Three months means period excluding exam leave period.
6 The recommended learning pattern for BM is as follows:

    1   Assume one month = 20 days = 5 days a week

Week	Mon	Tue	Wed	Thurs	Fri	5 days a week
1st	3	3	3	3	3	15 (5 days * 3 questions per day)
2nd	3	3	3	3	3	15 (5 days * 3 questions per day)
3rd	3	3	3	3	3	15 (5 days * 3 questions per day)
4th	3	3	3	3	3	15 (5 days * 3 questions per day)

    2   Three questions per day means 15 (5*3) questions in a week will hardly take your 45 minutes.
    3   Learning three questions daily for five days.
    4   15*4 = 60 questions in a month
    5

Months	Question
1	60
2	60
3	60
	180

    6   Take 2 days (Saturday & Sunday (weekends) as off for your rest day since you are human being and human being needs a break.
