Sr. No.	RAET(College) name	Any other information / experience / Suggestion
1	Al Hamd	All is good except they should not experience the faculty if BCBS as their culture and should focus on quality rather than quantity.
2	Al Hamd	Throughout my 2 years that I spent at Al-Hamd, I came across with some of the highly experienced faculty members who taught with dedication and kept my motivation level high, which is evident from the fact that I was Alhamdulillah able to secure a gold medal and a merit certificate in Module C Financial Accounting in spring 2012 attempt.
3	CAF	Mock and other tests should b conducted on regular basis cafeteria must b inside the campus
4	CAF	Owner is only concern with the money making and not intersted in motivating students rather demotivation level is very high in environment of college. no proper attention is given to students as the students of CA requires
5	CAMS	First of all there is no test culture and faculty do not stress on giving notes. the timetable is really awful; accounting class timing is 8:30 am to 10:30 am and law class timing is 4 pm to 6 pm we have to wait for a long time to start law class and faculty and management is not compromising on timetable. Faculty do not check homework some faculty do not give homework. In short, I experienced really awful.
6	CCP	No relaxation in fees No scholarships for needy students
7	CSA	The environment there was great but due to some management mishaps the organization as a whole could not reach to that level, despite hiring the best teachers
8	CSA	The environment there was great but due to some management mishaps the organization as a whole could not reach to that level, despite hiring the best teachers.
9	Indus College	Best Faculty in Peshawar available with affordable fee much better than PAC or any other institute

10	Indus College	Thanks to indus college peshawar of providing excellent facilities at affordable fees at peshawar. The faculty of the module A (CA) is the excellent. but they have to still work, cooperate and give special amity towards the students and they are doing that
11	Indus College	ICBF peshawar is the best institute in my opinion because most of the teachers are CA qualified and are experienced and the environment is too much friendly which is very helpful for the understanding of the student because it comes over the communication gap between the student and teacher, because most of the students are not confident but in such a friendly environment they can easily discuss their problems and the teachers are cooperative. ICBF helps the students that are facing financial problems.
12	KNS	Best institute for Mod D with best faculty of Mod C & D.
13	KNS	Ahmed Raza, teacher of Cost Accounting, has the worst kind of hatred for Punjabis. As he comes to know about a student that he is Punjabi, he uses every cheap joke on him. He is a total liar. You go to him for queries, he will show you dirty films on his laptop. Queries are never answered. He's a wholly shit in Faculty.
14	PAC	Administration staff is not cooperative. fee is very massive. morning classes fees should be minimum
15	PAC	Charge too much as fee
16	PAC	Too Difficult to Pay Fees of Pac
17	PAC	Lack experienced teachers -CA students are not focused as compared to ACCAs because they are the main source of revenue generation.
18	PAC	Institution do not follow up the student. They not care either student is attending classes regularly or not.
19	PAC	PAC charge huge fee :(
20	PAC	Fee is too high. . it should be less
21	PAC	PAC has the strategic capability and sustainable competitive advantage over the other colleges in CA.

22	PAC	Yr fee bht zada hy, baki sb to thk hy
23	PAC	Afternoon classes is too late. fee is too huge. charge extraordinary
24	PAC	Fee should be less. should be 5 days classes a week. result se pahly ki classes m bht c holidays krty hn PAC waly, and after result koi holiday ni ati. sometimes sunday classes b On oti hn. chutti k bina study complete ni o pati,so it should be 5 days classes a week.
25	PAC	They are not giving admissions to those students who r studding from other collages.
26	PAC	Teachers are excellent if a persons wants to gain. otherwise it is alot difficult to understand
27	PAC	Should improve the cafeteria.
28	PAC	The apathy towards students' needs is appalling. The library is adequate but its so small you never get the chance to sit there and study. Suggestions to management falls on deaf ears. Furthermore, the course was never completed on time.
29	PAC	PAC (Professional academy of commerce ) is best RAET for CA in Lahore but they charge extraordinary fee which is not affordable for many students . Infrastructure, library, canteen, back up generators, faculty and other facilities are perfect but yes the problem with all the RAET's is no university life and building campuses although PAC has best buildings as compared with other RAETS
30	PAC	They are charging extraordinary fees which is totally unjustified, along with separate fees of tests, mocks and revision class. In order to increase their marginal profits, the number of students in each class is 4 times (200 students) of the limit prescribed by ICAP (50 students). They are not following the rules of ICAP, and on the other hand, ICAP is not taking any against such things including high fees. That's why I left PAC and joined RISE (Gulberg Campus). The PAC's management is very indifferent in dealing with students, especially after submitting fees. There is also a lot of restrictions in PAC, students are not allowed to enter in the campus if they forget to bring their cards any day. There are also other policies which are very unsatisfactory and unjustified for which PAC's Principal as well as ICAP would be responsible. "ICAP must do an Audit of PAC"
31	PCA	No professional Environment Lack of extra Curricular activities No study discussion groups Lack of Exams preparation help
32	RISE	Well waiting for PAC Campus in Multan

33	RISE	In Rise they don't appoint female as T.A and many time females have to sit at the end of the class I just felt these two things bad about this college otherwise its a best college for C.A :)
34	SBM	Mostly teachers do not cover enough syllabus before result.After result they speedup their syllabus coverage.It becomes difficult for mostly students to understand all the concepts,memorize or practice along with the teacher,within stipulated time. Similarly there is no culture of mocks and tests.
35	SBM	Failure is taken as normal manytimes.Failure should be discouraged from the very bigning.Problems of failure should be made very clear at start.
36	Skans	Library Condition not good,timing are not sufficient
37	Skans	Best institute i've attended among pac ,rise n cfe.
38	Skans	There should be proper facilities available at RAETs like grounds and sports facilities. There is no RAET in Lahore which possesses a ground or even a garden to sit. Not even a single RAET gives you a feeling of studying in a university.
39	Skans	There are few teachers in Isl/Pindi who are actually good teachers but others are earning money only.
40	Skans	The environment is good and the management is very cooperative but the facilities in the campus can be further improved with little effort.
41	Skans	I have studied in Skans School of accountancy and SBM islamabad/ pindi campuses i strongly suggest that these REATS should deduct the fee at the tym of fee freezing with some reasonable percentage and also make a policy to refund or transfer the remaining amount because as we all know that in C.A almost every student is confused about whether to take new classes or wait for the result, so when they decided to take classes n then got failed after result then most of them dropped their current subjects and start self studying for the past one so REATS should deduct some reasonable amount and the remaining should refund to the student or transfer that to his cousin or brother or friend on his on will..
42	Skans	RAETS like TSA and PAC are requirement of twin cities
43	Skans	Library environment is not like that of librararis, there is alot of noise, combine studies of boys and girls is very irritating, computer lab is also in a bad condition.
44	Skans	Should provide 2 off on the last week of month for outstation students.

45	Skans	SKANS gainde quality gradually. i joined skans in 2008 and still learning there. the old campus and faculty @ M.M.Alam road wasn't satisfactory. but now they managed themselves very well.
46	Skans	college charge 50 % before result not adjustable ,that is a big burden ,because usually student are not pass in single attempt ,however 20~30 % is reasonable
47	Skans	The basic issue is for FA2 that there is no such good teacher in whole Islamabad.
48	Skans	Enjoyed alot in my time....
49	TIPS	BEFORE GOING TO TIPS COLLEGE FSD STUDENTS SHOULD THINK THAT WHETHER THEY WANT TO WASTE THEIR TIME OR AVAIL THEIR TIME IN BECOMING A GOOD CHARTERED ACCOUNTANTS AT SOMEWHERE ELSE. THEIR ARE ALOT OF OPTIONS IN OTHER CITIES LIKE LAHORE WHERE WE SHOULD GO FOR OUR C.A.
50	TSA	Tabani's school of accountancy is the one of the leading institute of chartered accountants in Pakistan But somewhere TSA is compromising his quality of teaching on the basis of quantity of students for example. Inductions of Module A students at length or offering BBA ICMA program which somehow affects CA studies and ultimately effects flow to us(CA students)
51	TSA	Except management and strict school type discipline attitude to wards students , I found other things satisfactory !
52	TSA	Worst institute who force bachelor level student to wear uniform. and talking to opposite gender is strictly prohibited while debating or talking opposite gender is confidence giving...
53	TSA	Module A B C were satisfactory but module D costing and audit were not up to the mark.
54	TSA	I greatly thanks to Tabani's School Accountancy that provide excellent teachers who contribute a lot in my development specially Sir Azeem siddiqui and Sir Tariq Tunio in taxation, especially thanks to Miss Saima shahzad in Business communication and sir Adil Iqbal in Functional English, Sir Ahmed Raza in costing, Sir Faisal in company Law, sir urooj and Muhammad Owaise in IT as well. And especially I would like to thanks sir Samad Dawood and Sir Naseem for Quantitavtive method.
